

HEALTHY KIDS, HEALTHY SCHOOLS

TECHNOLOGY

- On the days that students physically attend campus, students should bring school-issued devices and chargers. Devices should be fully charged prior to arriving on campus.
- Students will bring school-issued devices home with them to use on the days in which they are working virtually.
- Students should NOT bring personal devices with them to campus as they will not have access to district wifi. Students who have not yet checked out a school-issued device will be given one during the first week back on campus.
